Independent auditors' report on review of condensed consolidated interim financial information  
To the Board of Directors of Qatar Electricity & Water Company Q.S.C.

### **Introduction**

We have reviewed the accompanying condensed consolidated interim financial information of Qatar Electricity & Water Company Q.S.C. (the "Company"), which comprise;

- condensed consolidated statement of financial position as at 31 March 2015;
- condensed consolidated statement of profit or loss for the three month period ended 31 March 2015;
- condensed consolidated statement of profit or loss and other comprehensive income for the three month ended 31 March 2015;
- condensed consolidated statement of changes in equity for the three month ended 31 March 2015;
- condensed consolidated statement of cash flows for the three month ended 31 March 2015 and;
- notes to the condensed consolidated interim financial statements.

The Company's Board of Directors is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34 "*Interim Financial Reporting*". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

### **Scope of review**

We conducted our review in accordance with the International Standard on Review Engagements 2410 "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information as of 31 March 2015 is not prepared, in all material respects, in accordance with IAS 34 "*Interim Financial Reporting*".

## **2. BASIS OF ACCOUNTING**

This condensed consolidated interim financial statements have been prepared in accordance with IAS 34 “*Interim Financial Reporting*”. It does not include all the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual consolidated financial statements as at and for the year ended 31 December 2014.

This condensed consolidated interim financial statements were authorised for issue by the Company’s Board of Directors on xx April 2015.

## **3. USE OF JUDGMENTS AND ESTIMATES**

In preparing this condensed consolidated interim financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2014.

### **a) Measurement of fair values**

When measuring the fair value of an asset or liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: Quoted market price (unadjusted) in active markets for an identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumption made in measuring fair values is included in Note 17- Fair values of financial instruments.

#### **4. SIGNIFICANT ACCOUNTING POLICIES**

Except as described below, the accounting policies applied in this condensed consolidated interim financial statements are the same as those applied in the Group's consolidated financial statements as at and for the year ended 31 December 2014.

##### **Changes in accounting policies**

The Group has adopted the following amendments to standards, including any consequential amendments to other standards, with a date of initial application of 1 January 2015. The adoption of these amendments had no significant impact on the condensed consolidated interim financial statements.

- *Defined benefit plans: Employee Contributions (Amendments to IAS 19)*
- *Annual improvements to IFRSs 2010-2012 Cycle - various standards*
- *Annual improvements to IFRSs 2011-2013 Cycle - various standards*

#### **5. SEGMENTAL INFORMATION**

The Group primarily operates integrated plants for the generation of electricity and production of desalination of water in the State of Qatar. The water desalination process is completely dependent upon electricity generation. The electricity and desalinated water processes are interrelated and are subject to similar risks and returns. The Company also sells both its products to only two customers, KAHRAMA and Qatar Petroleum, in the State of Qatar. Consequently, the Group is considered to have a single business and a single geographical segment.

**14. ASSET HELD FOR SALE AND DISCONTINUED OPERATIONS**

The Company discontinued its operations in Al Saliyah and Doha South Super, included in RAF A SAT stations. The carrying value of these stations at the reporting date was QR Nil as they were both fully depreciated in earlier years (2014: QR Nil). The Company has requested potential buyers who have already submitted their bids for Al Wajbah station, that was discontinued in year 2010 and fully impaired during 2014, to provide a quotation that includes Al Saliyah and Doha South Super as well.

The Al Saliya and Doha South Super stations were not classified as held for sale or as discontinued operations in the audited consolidated financial statements with yearend 31 December 2014 since the terms of contract with KAHRAMAA expired on 31 December 2014. The comparative condensed consolidated statement of profit or loss and OCI has been therefore restated to show the discontinued operation separately from the continuing operations.
